PROFESSIONAL SUMMARY

Frontend developer with 1 year of practical experience building and shipping web applications. I build products that solve actual business problems, including a live e-commerce site, an internal employee management system, and progressive web apps. My core stack is React.js, JavaScript, and Tailwind CSS. I am looking to join a team where I can contribute to production-ready applications.

TECHNICAL SKILLS

- **Languages:** JavaScript (ES6+), TypeScript, HTML5, CSS3
- **Frontend:** React.js, Context API, Vite, Progressive Web Apps (PWA)
- **Styling:** Tailwind CSS, Bootstrap, Responsive Design
- **Backend & Tools:** REST API Integration, Git, GitHub, Postman, IndexedDB

WORK EXPERIENCE

Vyasthra Collections Pvt Ltd
Oct 2025 – Feb 2026
Web Developer

- Built an e-commerce platform from scratch, including product browsing, shopping cart, secure checkout, and a custom admin panel for inventory management.
- Diagnosed and fixed mobile performance bottlenecks, noticeably improving page load times for phone users.
- Developed a dedicated internal Employee Management System to replace manual spreadsheet-based commission tracking, saving hours of administrative work.

PROJECTS

Team Task Manager
| *React.js, Node.js, MongoDB, PWA*

- Built a full-stack collaborative task management application for teams with role-based user authentication.
- Created project tracking dashboards with real-time status updates.
- Configured and deployed the application as an installable Progressive Web App (PWA) using Railway.

DailyMark - Personal Finance Tracker
| *JavaScript, PWA, IndexedDB*

- Developed a minimalist, mobile-first personal finance tracker designed for fast daily usage.
- Implemented offline functionality using IndexedDB so transaction data is safely stored even without an internet connection.

Vyasthra Collections (E-Commerce)
| *React.js, Tailwind CSS, REST API*

- Built the full digital storefront for a local clothing brand, focusing on a clean UI and responsive design.
- Added a custom spin-the-wheel promotional feature in JavaScript for their launch day to increase customer engagement.
